Subject: RE: complaint

Dear Ms. Stevenson,

This is to acknowledge receipt of your email to the Public Service Commission. I am forwarding your email and Letter of Protest dated December 18, 2012 to our Clerk's Office for processing. Your email and Letter of Protest will become a part of Docket No. 2012-177-WS and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

E-mail

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

In the Progress Report filed by Utilities, Inc and prepared by W.K. Dickson & Co., Inc on February 24, 2012 Manhole inspection was conducted throughout the gravity collection system. Mr. Patrick Flynn testified in the 2012 177 WS Docket on page 8 of 9 in the 5th bullet on line 8 that TCWS "Inspected 1,100 manholes including all those where SSOs occurred. These inspections followed an industry standard inspection methodology so that inspections that occur in future years can be compared to the baseline conditions".

In view of the photographs in the testimony given by Steve Kunzmann at the PSC meeting December 3, 2012, there were several pictures that clearly showed this testimony by Mr. Flynn, if correct, was not based on any maintenance of those 1,100 manholes inspected.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I have already testified December 3, 2012
